SUMMARY

SEO Specialist with 5+ years of experience leading, developing, and executing data-driven SEO strategies across company websites and client projects. Experienced in planning and managing end-to-end SEO strategies, setting priorities, identifying growth opportunities, and overseeing implementation across Technical SEO, Keyword Research, On-Page Optimization, Content Strategy, and Link Building. Skilled in analyzing competitors, evaluating website performance, and translating data insights into actionable SEO plans that improve organic visibility, search rankings, and sustainable traffic growth. Proficient in Google Search Console, Google Analytics 4 (GA4), Semrush, Screaming Frog, and WordPress, with a strong focus on aligning SEO strategies with business objectives.
